MESSAGE FROM THE HEADMASTER

One of the things that faculty members work hardest at is providing a wide range of experiences that encourage the deep engagement of students. That engagement is inspired by the instruction of talented faculty. The faculty, in turn, receive significant support from committed volunteers whether from the Board of Directors, the Parent Volunteer Association or from the community at large. This dynamic partnership of teachers and volunteers contributes to the richness of the educational experiences our students receive.

However, we are always looking for ways to improve those experiences. That is why, throughout the year, much of the focus of the Board and other volunteers has been directed toward our “Making Room for the Future” capital project. The project has always been about quality—the quality of our learning and teaching environment. The purpose was not to increase enrollment but to improve facilities so that we can deliver our programmes more effectively.

As I said at last year’s Prizegiving, there are times, even in our homes, when we have to add rooms and renovate. The time is right for Selwyn House. Our new construction will add almost forty per cent to our total square footage.

For those of us who learn and teach here every day, we know what a big difference an expanded state-of-the-art library/learning centre will make. We know how a bigger dining hall will contribute to the civility of our environment and permit scheduling flexibility not previously possible. We know how much the new gymnasium will contribute to the quality of the physical education programme.

We know how much easier it will be to work in enlarged classrooms that can properly and efficiently accommodate modern teaching methods and new technologies.

In regard to technology, the School has, over the last few years, already invested significant resources in ensuring that we are making the best use of technology. Furthermore, the Board has approved the introduction of a laptop programme for the Middle School in September 2003.

The research in this area is convincing. “Anywhere, anytime” access to technology gives flexibility to both teachers and students to make the wisest use of this powerful medium for gathering information and for communication.

We look forward to the challenges of completing our building programme and of implementing our technology plan. We are confident that, with the continued support of the Selwyn House community, we will succeed to the benefit of our students.

THE ADVANCEMENT OFFICE

Since its inception in 1987, Selwyn House's Advancement Office has focused on the support and advancement of three of the School's core objectives: to ensure communication with all of the School's constituents; to strengthen alumni relations; and to launch and manage its fundraising campaigns.

COMMUNICATION

The Advancement Office works to keep the Selwyn House community abreast of the School's activities by issuing a variety of publications, each speaking to a particular audience.

The Annual Report is a means by which the School can thank those who so generously contributed to Selwyn House over the past year.

Veritas, Selwyn House's alumni magazine, features new developments, stories, issues and events that are of interest to all constituents, in particular to Old Boys and past parents. It also allows the Selwyn House community to catch up on alumni news.

The Parent's Newsletter keeps our most immediate community—current parents and students—well informed of the latest school news, as well as student activities and events at all levels of school life throughout the year.

Advancement Office publications are designed in-house, and feature articles from a variety of sources: students, faculty, alumni and parents.

On-line versions of *Veritas* and *The Parents' Newsletter* are new this year, and are available via the SHS Web site at www.selwyn.ca. Print versions will be mailed each summer, and will include highlights from the year. Any comments, questions, information and/or suggestions should be sent to editor Richard Wills (wills@selwyn.ca).

ALUMNI AND PARENT RELATIONS

Alumni relations are a key component of the Advancement Office. Along with the Old Boys' Association, which was founded in

1954, the office works to build and maintain ties between the School and Old Boys. Over the years, the association has grown to establish branches in Montreal, Toronto, New York, Boston, and London, England.

The Old Boys' Association hosts the annual Montreal reunion in September. When possible, reunions are organized in other cities to encourage Old Boys who have relocated outside Montreal to keep in touch, both with the School and with each other. Class Representatives help in the pursuit of strong relations by contacting Old Boys for reunions and sports events, and through phonathons.

It is only through the dedication and generosity of parent and alumni volunteers that activities and organizations such as the Argyle Shop, the Library and annual Fall Event are so successful year after year. They help support almost every area of school life. Furthermore, not only do volunteer-run events benefit the School, they also help and support the community.

We salute all volunteers, and thank them for their dedication.

FUNDRAISING

Selwyn House is renowned for the excellence of its programmes and the quality of the education it provides to students. In order to carry on this tradition, it is essential that the School continually look for ways to increase its endowment, as well as raise the funds necessary to support and further develop its programmes. This is why the Advancement Office actively engages in fundraising initiatives for the School.

Capital Giving

Project-specific, this element of fundraising usually involves larger contributions paid over a period of one to five years, which enable the School to expand facilities to meet the growing needs of students.

Planned Giving

There are numerous ways to enhance the School's endowment

funds and benefit the donor as well. For example, tax advantages are available if one includes Selwyn House School as a beneficiary of a life insurance policy, or if one gives appreciated stocks in the School's name.

Annual Giving

Created to fund the immediate needs of the School, the Annual Giving Campaign looks to the School's constituents to support the highest standard of education. In recent years, the Annual Giving Fund has provided financial aid to deserving students.

Tribute Giving

Honouring a special person or marking an occasion, whether it be a birth, a birthday, a bar mitzvah or an anniversary, tribute giving is a great way to celebrate while contributing to the School's advancement.

Memorial Giving

Gifts in memory of Selwyn House constituents who have passed away ensure that their memory will live on. The School is honoured to receive donations in their name.

DONORS

The School's constituents continue to play a part in shaping Selwyn House School by generously donating time and money, affording its administrators, faculty and staff the opportunity to continue to provide programmes of the highest calibre, and an experience that is second to none. Thank you for your continued support.

FOUNDER'S DAY

Founder's Day, which is a celebration for the entire Selwyn House community, commemorates the founding of the School, honours the Speirs Medal recipient, and recognizes donations and achievements of the past year.

After ninety-three years, the School has grown in many ways, including its student population, which began as seven students, and numbers 556 students today.

BOARD OF DIRECTORS 2002-2003

The Selwyn House Association Board of Directors consists of up to sixteen individuals. Fifteen members are elected at the Annual General Meeting of the Selwyn House Association; at least eight of these individuals must be Old Boys. The President of the Old Boys' Association is a member by virtue of his office.

The members serve three-year renewable terms. Vacancies are filled by the nominating committee, a board sub-committee.

The mandate of the Board is to determine policy and strategic direction, and to provide the means by which the School can successfully accomplish its goals.

Board members support and strengthen the School. They provide counsel, keep the Headmaster informed on matters of interest, act as ambassadors of the School and assist in capital campaigns.

Board members sit on committees, of which there are twelve. These committees address a variety of issues, including academics, athletics, finance, marketing and scholarships, to name a few. Additional committee members may include the Headmaster, faculty members, former Board members and other members of the School community.

THE LUCAS FUND

The Lucas Fund is derived from a special fee that is charged to students, beginning in Grade 7. It is primarily used for property improvements and capital equipment purchases, which are not covered by government grants and tuition fees.

Under the law, the School may charge in tuition fees no more than fifty per cent of the amount it receives from the government by way of grants. To compensate for this limit, the School established the Lucas Fund so that it can continue providing the standard of instruction and programmes that Selwyn House students require.

THE VERITAS FUND

The Veritas Fund, originally called the Endowment Fund, was established, in part, to ensure the School's continued viability in the event that government grants were withdrawn. As well, the Veritas Fund was established to provide scholarships and financial aid so that worthy students could consider an education at Selwyn House.

Currently, the priorities of the Veritas Fund are to increase scholarship and financial-aid funds, to enhance and maintain the School's technology, and to establish and maintain funds for on-going professional development.

Should donors wish to designate some other specific use for their donation, they may do so.

The Veritas Fund, through the Annual Giving Campaign, helps the School maintain the quality of its programmes. Through the Capital Campaign, the Veritas Fund helps the School maintain and enhance its facilities and increase endowment.

The School looks to its community to help bridge the gap between the real cost of quality instruction and reasonable tuition fees, in order to maintain the highest quality of education.

'MAKING ROOM FOR THE FUTURE' CAPITAL CAMPAIGN

JANUARY 1, 1999 TO JANUARY 29, 2003

Over \$12.3M (\$11.8M construction, \$500,000 endowment) in donations and pledges raised to date

For Selwyn House to meet the challenge of the future, we will need more than a dedicated community and a top-notch academic programme. We must ensure that our facilities are up to date, and that their design and appropriateness contribute to the most effective current teaching practices. In short, the best school must continue to make room for the best students.

The new building, with its library and learning centre, computer labs, resource centre and seminar room, agora and state-of-the-art classroom, will be fully operational when students return to school in September.

Below ground level, students will be able to take advantage of the new gymnasium complete with bleachers, a climbing wall, team lockers and change rooms. The tunnel from the new building to the Macaulay Building, which will house some much-needed locker space, will also be operational.

The next phases of the project involve the renovation of the Lucas Building. In order to minimize the disruption to the daily life of the school, we are dividing the work into three phases to take place over the course of the next three summers.

Phase I: This summer we will convert the current

dining hall into a new Middle School science lab, reception area, After-School Programme office and Admission offices. The current Lucas Gymnasium will become our new dining hall, with enough space to allow us to schedule two lunch sittings instead of three. Further renovation of this space will occur in Phase III.

Phase II: The second phase will occur in the summer of 2004 and will focus on the renovation of the second and third floors of the Lucas Building. Existing classrooms will be enlarged and new teaching areas will be created from freed space.

Phase III: The third and final phase will occur in the summer of 2005 and will include the renovation of the kitchen, the auditorium/dining room and the Senior science labs.

All this, and a commitment to maintaining our current enrollment numbers.

We have raised over \$11.8 million of our \$14.6-million construction goal (at time of printing). Many thanks to all donors and those who have committed pledges. The list below represents those who have donated or pledged between January 1, 1999 and January 29, 2003.

OLD BOYS

The support for the Alumni Division of our Capital Campaign has been overwhelming. We believe that continued and regular contact strengthens the relationship between the School and its community, and we appreciate the sincerity with which you have embraced our message. Thank you.

Please note: Although many of our Old Boys and their spouses are also current or former parents or staff, their names will appear once only, in the Old Boys' section.

Donors who directed twenty per cent of their Capital Campaign gift to Annual Giving are indicated by an asterisk.

CURRENT PARENTS

Parents of our current students constitute the largest single group of contributors. To all those who have participated, we extend our thanks. For purposes of this listing, parents are considered current if their sons were in the school during the 2001-2002 school year.

Parents who are Old Boys will find their names listed in the Old Boys' section.

THE CONRAD H. HARRINGTON SCHOLARSHIP FUND

MARCH 1998 – JANUARY 29, 2003

GOAL REACHED!

The Conrad H. Harrington Scholarship Fund is named in honour of Conrad Hastings Harrington, who died on March 9, 1998. Mr. Harrington left a wish that donations given in his memory go to support Selwyn House, as well as research into Amyotrophic Lateral Sclerosis, also known as Lou Gehrig's Disease. Selwyn House, therefore, has established a scholarship fund in Mr. Harrington's honour.

The three-year scholarship is awarded to a Grade 9 student who enters the School and is of academic ability and outstanding citizenship, and who would not be able to attend the School without financial aid.

Mr. and Mrs. Harrington wanted to make the Selwyn House experience enjoyed by their sons, Conrad 2000 and George 2004, available to more students. Furthermore, it was in Mr. Harrington's capacity as a member of the Board of Directors that he envisioned the creation of a fund for scholarships.

The Conrad H. Harrington Scholarship is Selwyn House's first endowed scholarship. The School awarded the first scholarship in September 2000 and its second in September 2001. The creation of this fund is the best way to honour the memory of a man whose friendship and forward thinking are greatly missed.

Selwyn House would like to thank all the generous contributors to the Conrad H. Harrington Scholarship Fund, which carries on the name, as well as the dream, of Mr. Harrington. Gifts in memory of the late Dr. Byron W. Harker, the late Edgar C. Moodey and the late Nancy Pitfield are directed to this scholarship fund, as were proceeds from the Third and Fourth Annual Alumni and Friends Golf Tournaments.

The list below includes all donations made to the Conrad H. Harrington Scholarship Fund since its inception in 1998.

ANNUAL GIVING

JULY 1, 2001 TO JUNE 30, 2002

Annual Giving is one of the School's fundraising activities that makes use of the funds immediately by distributing them as financial aid. Eleven per cent of our students receive some form of financial assistance. In the spring of 2002 we asked Capital Campaign donors to consider directing a portion of their gift to Annual Giving in order to maintain this fund while raising funds for the new construction and renovations. The majority of our donors have agreed to this and are directing twenty per cent of their Capital Campaign gift to Annual Giving. These donors are also listed under the Capital Campaign heading, and are highlighted by an asterisk. We thank all constituents for their generosity.

GRADE 11 GIFT

Each year, the Grade 11 class gives a gift to the School upon graduation. We thank them for the legacy they leave for the students.

A painting of the Selwyn House campus by a local artist once the new building is completed.

In addition to a gift to the School, the graduates also contribute to the following charities of their choice:

Free the Children
The Juvenile Diabetes Foundation

DONATIONS

Special thanks to all who contributed books to the library, Fall Event items and prizes, and to the Class of 2002 graduation party.

VOLUNTEERS 2001-2002

Volunteers contribute to the success of the many events which take place in the School throughout the year. Parents, Old Boys, current students, and friends of the School all get involved, and we thank them for all their support. Every effort has been made to include everyone who has assisted in any way. If any errors or omissions have occurred, please accept our apologies.
